25X1A9a TELECON ; [REDACTED], SAC HQ, Omaha

25X1A9a 1. [REDACTED] to ask if he could come to Washington for a half-day conference to tie up some problems. He asked [REDACTED] also to give some [REDACTED] to recommendations by SAC HQ on alternate places to establish Base A since the political situation made [REDACTED] doubtful. [REDACTED] said that this was a bad week since he was scheduled for a series of meetings with people coming into their Headquarters. He said he would give some thought to what could be done and call [REDACTED] back later in the afternoon.

25X1A6a 2. [REDACTED] called back about 1700 and said that since his own deputy was away, he was asking [REDACTED] to make the trip to Washington. He said that [REDACTED] was up to date on the latest developments and that he would brief him thoroughly before he came down. It was agreed that he would be in on Friday morning (arriving via commercial aircraft Thursday night). (Mr. Bissell was in the room at the time and this arrangement was cleared with him.)

25X1A9a [REDACTED] asked if we would like a materiel man to come along also, but [REDACTED] said that he felt these problems had been pretty well ironed out at the meeting in L.A.

25X1A9a 3. [REDACTED] was quite concerned over the aeromedical business and the way [REDACTED] was handling the suit question. He said that we should bear in mind that the instructors' problem is quite different from the students' in this respect. [REDACTED] said that he was checking into this problem.
